THE LODGES

"I would be happy to discuss my experience with Caza Y Safaris. They did an outstanding job for me. I finished the SCI Diamond level Inner Circle for the Trophy animals of South America and the Grand Slam of South American Trophies on one trip. The owner and operator of Caza Y Safaris as well as his staff are honest and very accommodating and they deliver what they promise."

Jim Grimm – South American Diamond Award / March 2009

"I had the pleasure and privilege to hunt in more than 20 times with the organization and my results have always been way above my expectations. I've hunted big game and small game. Its facilities are superb and their teams of people (professional hunters, guards, attendants, etc) very professional and courteous.

You can probably find a similar organization but certainly not better."

Enrique Maestre from Spain – frequent client

All wingshooting programs can be combined with Big Game in the same area.
